1. [] informed me that Senator Knowland had requested the Department of the Army to make available the file on Captain John Birch to a writer who was preparing a book. Captain Birch was formerly with OSS and in 1944 was killed by the Chinese Communists. A review of the Army file forwarded by G-2 indicated that it included documents which could not be declassified because of current interest and significance, and G-2 was so informed. In addition they were asked to classify other documents in the file which were currently unclassified.
